

# Madrid-Waddington Central School Board of Education

## 2011-2012 Goals

1. The Board of Education seeks to maintain or improve K-12 Student achievement and opportunities within the confines of current as well as future financial restraints.
  - Research, investigate and analyze potential efficiencies or cost savings of shared services with neighboring districts.
  - Investigate technology as a means of increasing or maintaining student opportunities
2. The Board of Education will continue to facilitate transparency of the District's operations and finances by clearly and articulately communicating with the Community.
  - District Social Networking page
  - Community Forums
  - Off campus BOE meetings
  - Community Leader Breakfasts
3. The Board of Education will advocate for Equity in Education among NY State schools.
  - ❖ Communicate and emphasize the extreme inequity of educational funding in NY State between high need and low need districts.
  - ❖ Inform the community regarding negative impacts of unfunded mandates
  - ❖ Communicate with and encourage community contact with state legislators regarding District needs
  - ❖ Maintain membership with Rural Schools Association
4. The Board of Education, with employee collaboration and participation, will continue development and review of St. Lawrence Lewis High Deductible Health Plan.
  - Continue District Insurance Committee research and analysis into cost effectiveness of various Health Insurance Plan options
  - Encourage active, informed participation for effective utilization of the District's Health Insurance plan.
