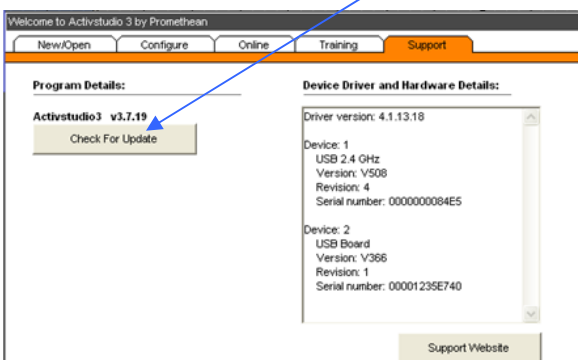
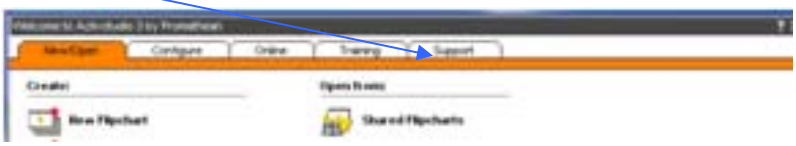
Week 3:
Tuesday, January 13, 2009

Downloading the New Version of Promethean Software:

1. The new version of Promethean software will be released tomorrow. You can get the update from your dashboard:
    a. Click on "Support" tab
    b. Click on "Check for Update"





Follow the in instructions that pop up on the new window under the button you pushed. The software will update itself.

Using the Resource Library to add aesthetics to your flipcharts:

1. Click on the pile of books icon (Resource Library)
2. Use the shared images, backgrounds, etc. functions to add to your flipcharts.
3. When you find an image or background you want to use, you merely click-and-drag the resource to the blank flipchart page.
4. You can roll out and roll up your library when they are not in use.
