

**POLICY****Students****SUBJECT: STUDENT ATTENDANCE**

The Education Law requires that the students enrolled in the schools of this District attend school on every school day unless legally excused. The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well planned instructional activity under the tutelage of a competent teacher are vital to this purpose. Absences other than excused absences as defined by State regulations have a highly adverse effect on the student as well as the entire educational program. Therefore, the Board of Education urges all parents to make every effort for their children to be in attendance.

**Statement of Overall Objectives**

Because the School District recognizes that consistent school attendance, academic success and school completion have a positive correlation, the School District will develop, annually maintain and, if necessary, revise the Student Attendance Policy to meet the following objectives:

- a) To increase school completion for all students;
- b) To raise student achievement and close gaps in student performance;
- c) To identify attendance patterns in order to design attendance improvement efforts;
- d) To know the whereabouts of every student for safety and other reasons;
- e) To verify that individual students are complying with education laws relating to compulsory attendance;
- f) To determine the District's average daily attendance for State aid purposes.

**Description Of Strategies To Meet Objectives**

The School District will:

- a) Create and maintain a positive school building culture by fostering a positive physical and psychological environment where the presence of strong adult role models encourages respectful and nurturing interactions between adults and students. This positive school culture is aimed at encouraging a high level of student bonding to the school, which in turn should lead to increased attendance.
- b) Maintain a Student Attendance Policy based upon the recommendations from the Board of Education, administrators, teachers, students, parents and the community. The District will hold at least one public hearing prior to the adoption of this collaboratively developed Student Attendance Policy.

**Students****SUBJECT: STUDENT ATTENDANCE (cont'd)**

- c) Maintain accurate recordkeeping to record attendance, absence, tardiness or early departure of each student.
- d) Utilize data analysis systems for tracking individual student attendance and individual and group trends in student attendance problems.
- e) Develop early intervention strategies to improve school attendance for all students.

**Determination of Excused and Unexcused Absences, Tardiness and Early Departures**

Based upon our District's education and community needs, values and priorities, the School District has determined that absences, tardiness and early departures will be considered excused or unexcused according to the following standards.

- a) **Excused:** An absence, tardiness or early departure may be excused if due to personal illness, illness or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations, road tests, learner's permit, or other such reasons as may be approved by the Board of Education.
- b) **Unexcused:** An absence, tardiness or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (e.g., family vacation, hunting, babysitting, hair cut, oversleeping).

**Annual Review of Policy by the Board of Education**

The Board of Education shall annually review the building level student attendance records and if such records show a decline in student attendance, the Board shall make any revisions to the Policy and plan deemed necessary to improve student attendance.

**Community Awareness**

The Board of Education shall promote necessary community awareness of the District's Comprehensive Student Attendance Policy by:

- a) Providing a plain language summary of the policy to parents or persons in parental relation to students at the beginning of the each school year and promoting the understanding of such a policy to students and their parents/persons in parental relation;
- b) Providing each teacher, at the beginning of the school year or upon employment, with a copy of the policy; and
