

Madrid-Waddington Central School

*Have a great
Summer!*

June 2016

**Congratulations to MWCS Class of 2016
Graduation—Friday, June 24, 2016 at 7:00 PM
John Dinneen Memorial Auditorium**

Dear Madrid-Waddington Community,

In September 1982, I entered Madrid-Waddington Central School for the very first time as a Student Teacher in the Grades 7-12 Spanish Classes. Little did I know during that 12 week placement, that 32 years later, I would be retiring from this very District as its Superintendent. I am extremely honored and appreciative of having had the opportunity to serve this District in both capacities!

I wish to express my sincere gratitude for the support of the community, staff and students as we wove our way through some tumultuous budget years, curriculum and assessment challenges and extensive capital projects that have maintained our buildings and grounds, as well as made us a premier leader in the effective utilization of technology among North Country schools.

I also wish to congratulate and thank Mr. Michael (Mickey) Miller for his outstanding leadership as President of the MWCS Board of Education for the past 9 years. He started his term as a Board member in 2002 and always put student interests and needs first in the decision making process.

MWCS will also greatly miss Mrs. Kathryn Higgins, Director of Guidance, who has served MWCS students since 1993; and Mrs. Linda Ford, Gr. K-12 Teaching Assistant, who has supported students and teachers for 10 years. I would like to wish a long healthy retirement to both Mr. Robert (Bernie) Stebbins, Custodial Driver, and Mrs. Nancy Stebbins, Cafeteria Worker/Bus Driver, as they leave the District after dedicating a combined 32 years to the District.

Mrs. Melinda (Mindy) Fisher is well deserving of special recognition at this time of her retirement. Mrs. Fisher served as a Board member for 14 years before becoming the Secretary, not only to the Superintendent, but to the District in August 2006. Her outstanding interpersonal and professional skills kept me, the Board of Education and District Office functions on time, on task and out of trouble. Mindy's respect, tact and warmth bestowed a true MWCS welcome to all who visited the District Office.

Lastly, I salute the Graduating Class of 2016. In contrast to those of us who are at the end of our careers, you are now at the beginning! You will be confronted with many controversies and conflicts as you progress through your adult life. Please keep in mind, that due to your community supported MWCS education, you have the intellectual capacity, skills and tools to respond effectively.

Wishing all of you continued learning in college, career, citizenship and life,

Sincerely,

Lynn M. Roy

END OF YEAR NOTE FROM ELEMENTARY PRINCIPAL

As the school year winds down, and we anxiously await the arrival of summer, our attention is drawn to the multitude of “end of year” events/activities scheduled for our students and families. This time of year can be extremely overwhelming (to say the least), so I have compiled a list of important dates to mark on your calendars.

Last Day for Elementary Students**

We will continue to send home important information with your children. Please be sure to check book bags each day. If you have any questions, please don’t hesitate to call our office at 322-5746, ext 201.

As many of you are aware, the District will begin a renovation project immediately after the conclusion of the school year. Many of these necessary updates will serve to improve the functionality of the Elementary building. New changes will include, but not be limited to the following:

- Reconfiguration of the office reception area to include a waiting room for parents and increased security.
- The removal of hallway carpeting to be replaced with high grade rubberized flooring.
- New (larger) lockers K-5

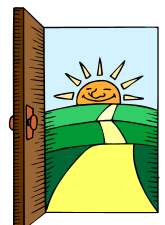

We anticipate the building will be torn up for the majority of the summer months. Administrative and secretarial staff will still be accessible to answer all questions. Please call 322-5746 and your call will be directed to the appropriate individual.

As always, it has been an honor and a pleasure working with the families of the Madrid-Waddington community. I firmly believe our students are “the best in the business,” and we could not succeed in providing the best learning opportunities without your support.

Please remember, my door is always open. If you have any questions or concerns, please contact me by phone or in person.

Have a safe and relaxing summer.

Universal Pre-Kindergarten September 2016 Madrid-Waddington

Applications are being accepted from district residents interested in having their child participate in our Universal Pre-Kindergarten (UPK) program. This is a half-day program and is for any child who will turn **four years of age** on or before December 1, 2016 and a resident of the MW District.

If you are interested, please call the Elementary Office at 322-5746, ext 201 to receive a registration packet.

Six ways to encourage summer reading

1. Get your child a library card at your local public library. It's free!
2. Read to your child every day — in your backyard, at the doctor's office, in line at the grocery store, on vacation.
3. Set a good example—read on your own and discuss your books with your kids.
4. Keep books everywhere—in the car, in front of the TV, in the kitchen, on the porch.
5. Post a "refrigerator list" of the books family members have read during the summer.

For more information, go to:
www.summerreadingnys.org

MAINTENANCE DEPARTMENT NEWS

End of School Year Pesticide Notification

Schools are required to maintain a list of staff and persons in parental relation who wish to receive forty-eight hour prior written notification of pesticide application at relevant facilities and procedures on how to register with the school to be on such a list for notification. This notice shall be made available at the at the beginning and end of each school year.

If you would like to obtain information about products being applied, including warnings that appear on the label of pesticides used, or would like to be placed on our notification list, please contact District Office, at 322-5746 ext. 221

Information for College-Bound Juniors

Juniors completed a resume and a career inventory earlier in the year to prepare them to attend “Gateways to Careers” at SUNY CANTON in April. We encourage Juniors who are interested in college to spend time this summer thinking about colleges they feel might be a good fit. Visiting colleges you have a strong interest in is also a valuable experience to determine whether you feel those colleges will meet your needs. College websites are wonderful resources for finding out about campus tours, open houses, admission requirements, financial aid and other pertinent data.

In the Fall of 2016, students who plan to attend college should take at least one of the college entrance exams (the SAT and/or the ACT). This is especially important for students who intend to go to a four-year college directly out of high school, and who did not take one of these exams Spring of 2016.

No Child Left Behind—United States Department of Education

The United States Department of Education has just released two new **E-Tools** to help those in the higher education selection process obtain up-to-date news and reference guidelines that are a valuable to their information gathering.

The first E-Tool is a new financial aid estimator called FAFSA4caster designed to help students and their families plan for college. It provides students with an early estimate of their eligibility for federal student financial assistance. The tool will also help to reduce the time it will take to complete the Free Application for Federal Student aid (FAFSA). The FAFSA4caster can be reached at www.FederalStudentAid.ed.gov

The second tool is provided by the Institute of Educational Sciences, National Center for Education Statistics and allows visitors to this site to conduct a quick search and locate information on colleges, universities, and other postsecondary institutions. Users can see and compare profiles of nearly 7,000 facilities across the nation. The site can be accessed by visiting the US Department of Education's website **Ed.gov** with an advance search on **COOL: College Opportunities Online Locator**.
