

Madrid-Waddington Central School

June 2017

*Have a great
Summer!*

**Congratulations to MWCS Class of 2017
Graduation—Friday, June 23, 2017 at 7:00 PM
John Dinneen Memorial Auditorium**

Dear Madrid-Waddington Community,

As we approach the end of another school year it is amazing to reflect on our students' accomplishments and adventures over the past ten months. Incredible opportunities have been provided to all students pre-k through 12 over the past year due to the support and dedication of our faculty, staff, administration, Board of Education, parents and community.

Thank you to our school community for approving all 2017-18 budgetary propositions presented by the Board of Education. Mr. Brian Hammond was re-elected to serve another five year term with the Board. His dedication to the District is greatly appreciated. The community also elected to change our Board member nomination process from specific seat to at large. This new format will begin with Board elections in May 2018.

We are saying goodbye to two familiar faces who will be retiring at the end of the year. Mrs. Ann Wells has been our guidance secretary for the past thirty-six years and spent thirteen years prior to this as a student at Madrid-Waddington. She is a true lifetime Yellow Jacket and her welcoming smile and historical knowledge will be missed. Mrs. Margaret Haggard has been a secondary special education teacher for the past fifteen years and has consistently proven to be a strong advocate for her students. We wish both a happy retirement and thank them for their years of professional service to the students of Madrid-Waddington.

This summer will see another round of construction as the Phase II scope of work from the capital project is completed. The work will consist of upgrades to our heating management system, renovations of four student restrooms in the high school, conversion of an unused computer lab to a classroom, addition of two public restrooms in the district hallway, and replacement of the high school cafeteria floor. In addition to Phase II we will also be replacing several sets of windows in the middle school hallway as part of the capital outlay project.

Congratulations to all recent National Junior Honor Society and National Honor Society inductees. Hard work, devotion, and participation are key components of success and it is nice to see such a large number of students recognized with this honor.

A fond farewell to the graduating class of 2017. The Madrid-Waddington school community has prepared you well to be productive and honorable. As you move on to college, the military, or enter the workforce there is no doubt you will represent your alma mater with pride. Best of luck in all future endeavors.

Cordially,

Eric Burke

We will continue to send home pertinent information with your child as the need arises. Please be sure to check book bags at the end of each day. If you have any questions, please feel free to call our office at (315) 322-5746 ext. 201.

Phase II of our renovation project is scheduled to begin shortly after our students depart for the summer. Work will be less extensive in the elementary building this year as the majority of our renovations took place in Phase I.

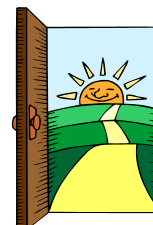

Our elementary book project entitled, "The Mad- Wad Community Squad" was a huge success. Each child was given a copy of their work to bring home and share with family members. A big thanks to Senator Patty Ritchie for securing funding necessary in making this project a reality. Our students are officially full fledged published authors! I sincerely hope our community participants enjoyed the experience as much as our students. They are now forever etched in history! If you do not have a child in school and would like to see our student's work, both community libraries have a copy on their shelves.

As always, it has been an honor and a pleasure working with all families in this great school community. Our students always "rise to the occasion" when called upon. We greatly appreciate your support as we continue to find new and innovative ways of providing the best academic programming while maintaining a vision that promotes essential qualities such as character and citizenship.

Please remember, my door is always open. If you have any questions or concerns, please contact me by phone or in person.

Have a safe and relaxing summer.

Universal Pre-Kindergarten September 2017 Madrid-Waddington

Applications are being accepted from district residents interested in having their child participate in our Universal Pre-Kindergarten (UPK) program. This is a half-day program and is for any child who will turn **four years of age** on or before December 1, 2017 and a resident of the MW District.

If you are interested, please call the Elementary Office at 322-5746, ext. 201 to receive a registration packet.

Six ways to encourage summer reading

1. Get your child a library card at your local public library. It's free!
2. Read to your child every day — in your backyard, at the doctor's office, in line at the grocery store, on vacation.
3. Set a good example—read on your own and discuss your books with your kids.
4. Keep books everywhere—in the car, in front of the TV, in the kitchen, on the porch.
5. Post a "refrigerator list" of the books family members have read during the summer.

For more information, go to:
www.summerreadingnys.org

Information for College-Bound Juniors

Juniors completed a resume and a career inventory earlier in the year to prepare them to attend “Gateways to Careers” at SUNY CANTON in April. We encourage juniors who are interested in college to spend time this summer thinking about colleges they feel might be a good fit. Visiting colleges you have a strong interest in is also a valuable experience to determine whether you feel those colleges will meet your needs. College websites are wonderful resources for finding out about campus tours, open houses, admission requirements, financial aid and other pertinent data.

In the Fall of 2017, students who plan to attend college should take at least one of the college entrance exams (the SAT and/or the ACT). This is especially important for students who intend to go to a four-year college directly out of high school, and who did not take one of these exams Spring of 2017.
